JOIN THE LEGAL[®] EVOLUTION

LEGAL[®] EVOLUTION - 2017 will be the leading exposition in Europe addressing the digital transformation of the law. Here, the best in the fields of law, business, public policy and academics will converge to exchange experience and educate one another on the latest trends and innovations in legal tech.

Meet the leaders of the industry. Learn about the newest technology. Form lasting bonds with client and peer alike. Invest in the fast-approaching age of automation and future-proof your law practice!

L[®] Expo is the definitive interface connecting the diverse fields of legal technology in practice. See the most advanced legal tech available today, and meet the minds who are engineering the law of the future!

L[®] Congress showcases the academic and intellectual underpinnings of legal tech. Scientists, engineers, law professors and policymakers will debate and discuss the state of the art, and construct an optimistic vision of the future: a truly democratic system of law!
